

## **IANH launches donation drive for Haiti Earthquake Relief Fund**

In the wake of the recent Earthquake disaster in Haiti, India Association of New Hampshire (IANH) has formed a Haiti Relief fund to help the earthquake victims and rebuild their lives.

IANH urges all its members and all the Indian Americans to step up on this occasion and extend their helping hands for the needy in Haiti. The disaster is huge and it will need continuous global efforts to accomplish the rebuilding of people's lives in Haiti. The initial response from around the world has been great; however, this momentum needs to be maintained, as rebuilding lives takes several months and years.
